How to Determine Your Rate:

Our competitive rates for Sterling World Express services are based on the total weight of all packages shipped on a single international waybill.

To determine the rate for your shipment, locate the destination US state or country and the corresponding zone.

Next, go to the rate chart, determine your shipment weight and find the rate in the appropriate zone column. Add special handling fees, surcharges and other additional charges, if they apply. Visit senditsterling.com for a list of applicable fees, surcharges and other charges.

* Some restrictions apply. Service to certain countries may be restricted or discontinued from time-to-time.

This list is subject to change without notice.
